A branch factory of Kovolis National Corporation, Caslav, is located  
 about 1.2 km south of the ruins of Lichnice Castle in the valley of  
 Hedvikov (050/M67). The plant employs about 2,000 workers in three  
 shifts. This plant produces gas masks, fuses, and parts for small  
 arms. This production plan is similar to that followed during the  
 war under German occupation.
